

**D174.su LOS ANGELES, 22 MAY 1998**

A while back I joined a vine for [D174.su](#) then, a couple of months later, signed on for another for [D174.suu](#). With things working out in the strange way they sometimes do, the latter arrived first and I duly watched and reviewed it. I've now had the chance to see [D174.su](#) too and slotted it into the player with some interest, keen to discover what the difference might be between it and its (presumably improved) successor. Odd as this may seem, to me they look and sound just the same. So, for review details of this disc, see [D174.suu](#). And if you don't know which of the two to get\*, I'd suggest it doesn't matter. And if you have this one and wonder whether you ought to be grading up to the other, I'd say no, because there's no need and no benefit. Stick with what you have. Play and re-play that super Simple Twist for a smile that'll last all day.

**THANKS** Viner JM

**STARS** As before, four and a half
