

## **D220 MANCHESTER, 25 JUNE 1998**

**SOUND** Good but overloaded (= distortion where loud). Least noticeable on tracks 7-9 and 14 (of 15)

**IMAGE** Overall very good. Mostly unobstructed & steady. Colour comes and goes. Excellent use of zoom and panning.

**RUNNING TIME** 91 minutes (complete show) + 18 minutes bonus

**PERFORMANCE** Strong

**HIGHLIGHTS** (1) Masters (2) Baby Blue (superb) (3) Mama

**COMMENT** An improved soundtrack away\* from being very good indeed. Bonus is so-so Van Morrison footage (this show being a Dylan / Morrison double header) - no D involvement.

**THANKS** S

**STARS** Three and a half
